Preface.

THERE is nothing to add by way of General Preface to that which precedes the first portion of the Bury Registers already issued as Vol. I. of the Lancashire Parish Register Society's publications. We have now in print the whole of the first original volume of the Bury Registers.

1353107

It has been a melancholy pleasure to see the first Secretary's manuscript gradually come into print and one would gladly—remembering Mr. Löwenberg's splendid accuracy—have issued a volume absolutely free from error of every kind. Human nature is however always fallible and it is sad to discover that in a few instances wrong contraction forms have crept into the printing. Perhaps, however, the infinite pains which our members, Mr. Arrowsmith and Mr. Taberner, have taken with the Index—which it will be noted is an Index to both Parts I. and II. of "Bury" issue—will help to condone any typographical errors. In future, too, it will be well to incorporate the Episcopal Transcripts in the body of the volume. As in this volume this has not been done a separate Index of any variations

and additions supplied by these Transcripts is appended, and it is hoped that the table of Errata covers any mistakes made.

Nothing now remains but to express sincere gratitude to Canon Blackburne of Bury, who has furnished every facility for access to the original Register, with which every scrap of proof has been carefully collated, and to hope that any shortcoming in this volume may be charged solely against the surviving Editor.
